

Topical Discussion 7:

Social Impact Assessment and Social Service Team

Questions for Discussion

1. How to strengthen the role of social impact assessments in the decision making process?
2. Should tracking studies be conducted? How can we ensure greater participation from affected owners and tenants?
3. Are there potential conflicts in the current arrangements for setting up of social service teams? What can be done to improve the situation?
4. What should be the role of the social service teams under a “district-based” planning approach?
