

**To help us set the agenda for the Review of the Urban Renewal Strategy, please complete the following questionnaire and send it back to us:**

1. What community benefits should urban renewal bring about? Which factors should be considered in considering a sustainable urban renewal strategy?

---

---

---

---

---

2. Currently, redevelopment plays a significant part in the holistic approach to urban renewal, with lesser emphasis on rehabilitation, preservation and revitalization. Should the weightings among these works be reviewed? And in what aspects?

---

---

---

---

---

3. Should the project selection process be reviewed? Should it be decided by the majority view of the community? What areas should we study to address the minority views?

---

---

---

---

---

4. URA is required to achieve self-financing in the long run. Does the current self-financing model of urban renewal need to be reviewed?

---

---

---

---

---

5. Should the role of the URA be reviewed? What roles should the private sector and the Government play in urban renewal?

---

---

---

---

---

6. Should the current compensation methods for redevelopment and preservation be reviewed? What are the key elements of fair compensation methods?

---

---

---

---

---

7. Other comments

---
